

Join an International Youth Workshop in Kosovo

Plastic Soup in the City –The Impact of Urban Planning on the environment

A unique opportunity for young people – whether you’re a Rotaractor or simply curious to get involved.

Connect, collaborate, and make friends from across Europe.

What’s it about?

The Intercountry Committee (ICC) Germany–Kosovo is hosting an exciting workshop for from **6–12 July 2026** at the University of Pristina.

Up to 30 young people aged 18 to 26 old from the Balkans, Germany, and across Europe will come together for a week of meaningful exchange, fresh ideas, and real impact.

Together, you’ll explore one of the biggest challenges of our time:
plastic waste and environmental pollution.

Through:

- inspiring keynote talks from international experts
- interactive workshops and group sessions
- collaborative idea-building

you’ll develop practical solutions to help protect our planet.

And it's not all work...

Expect a great mix of:

- social events
- local food and music
- excursions to explore Kosovo

Because meaningful connections happen both inside *and* outside the workshop.

Costs

Participation is **completely free**.

You only need to cover your travel to Pristina – and you can apply for support from your local Rotary Club.

How to apply

Send your application to:
iccdk@gmx-topmail.de

Please include:

- a short CV
- a brief motivation letter

 **We are looking forward to receiving your mail by 20 April 2026.**

Ready to make an impact?

Join a diverse group of young changemakers, expand your network, and be part of something that truly matters.

Our main sponsors

By the way: **Intercountry Committees** are unique entities within Rotary International that **connect Rotary and Rotaract clubs from different countries** to foster lasting connections between Rotarians around the world, and to promote peace and international understanding across borders.
